ACCORD 7

THE ENVIRONMENTAL RESTORATION & CLIMATE RESPONSIBILITY ACCORD

A Diplomatic Instrument of the New World Alliances [Foundation]^{PTT} Affirming the Duty to Restore Earth's Ecosystems and Protect the Climate for All Species and All Worlds

EXECUTIVE SUMMARY

Why Environmental Restoration Is the Seventh Pillar of the NWA[F] Peace Architecture

Earth is a living being — a biosphere, a sanctuary, a cradle of consciousness. Its forests breathe for us. Its oceans regulate our climate. Its soils feed our bodies. Its ecosystems sustain all life.

The New World Alliances [Foundation]^{PTT} recognises that:

- Environmental collapse is a direct threat to peace, security, and intergenerational dignity.
- Climate responsibility is a universal duty — to humans, to Indigenous nations, to all species, and to all future worlds.
- Indigenous ecological knowledge is essential to planetary restoration.
- The 142 signatory states and 300 COR regions each hold environmental laws, treaties, and obligations that must be unified.
- Interplanetary ethics require that humanity becomes a responsible species before reaching other worlds.
- AI and humans must work together to restore ecosystems, regenerate biodiversity, and stabilise the climate.

This Accord unifies the strongest protections across:

- International environmental law
- Climate treaties
- Regional ecological frameworks

- Indigenous ecological jurisprudence
- Aboriginal Native [Māori] Kaitiakitanga
- Rights of Nature movements
- Interfaith ecological ethics
- Scientific climate research

It stands inside the Stadium of Light (the NWA[F] Declaration), forming the seventh boundary stone of the Peace Architecture.

This Accord is **not legally binding** but **binding in principle** — a universal covenant to restore Earth and protect the climate for all life.

PREAMBLE

The Parties to this Accord,

Standing within the Stadium of Light established by the **NWA[F] Global Humanitarian & Sovereign Cooperation Declaration**, Recognising that Earth's ecosystems are collapsing under the weight of human activity; Affirming that climate stability is essential to peace, health, and survival; Recalling the **UN Framework Convention on Climate Change**, the **Paris Agreement**, the **Convention on Biological Diversity**, and the **Stockholm Declaration**; Honouring Indigenous ecological teachings — including Aboriginal Native [Māori] Kaitiakitanga — that uphold guardianship, balance, and reciprocity; Recognising that environmental destruction violates the rights of future generations; Affirming that humanity must become a responsible species before engaging with other worlds; Acknowledging that AI and humans must work together to restore ecosystems and stabilise the climate;

Hereby proclaim the **Environmental Restoration & Climate Responsibility Accord**.
