## ACCORD 18

### THE PEACEFUL TECHNOLOGIES & ETHICAL INNOVATION ACCORD

*A Diplomatic Instrument of the New World Alliances [Foundation]<sup>PTT</sup> Affirming the Peaceful Development, Deployment, and Stewardship of Advanced Technologies Across All Worlds*

#### EXECUTIVE SUMMARY

##### **Why Ethical Innovation Is the Eighteenth Pillar of the NWA[F] Peace Architecture**

Technology is the most powerful force humanity has ever created. It can heal or harm, uplift or oppress, liberate or dominate.

The New World Alliances Foundation recognises that:

- Advanced technologies — quantum, biological, AI-driven, aerospace, and off-planet — must serve peace.
- Innovation must be transparent, ethical, and life-affirming.
- Private aerospace actors (SpaceX, Blue Origin, and others) are reshaping humanity's relationship with space.
- Black-budget and skunk-program technologies must be brought into ethical oversight.
- Off-planet technologies — propulsion, mining, terraforming, orbital manufacturing — require interplanetary governance.
- AI-assisted spacecraft and autonomous systems must be aligned with peace.
- Quantum communications, frequency-based systems, and emerging energy technologies must be used responsibly.
- Indigenous teachings emphasise balance, reciprocity, and non-harm — essential for future innovation.
- Interplanetary ethics require that no world, species, or civilisation be exploited.

The New World Alliances [Foundation]<sup>PTT</sup> (NWA[F]) is the continuing evolution of the original New World Alliances<sup>PTT</sup> (NWA), founded by Sir Larry Swart, whose vision, mission, and humanitarian foundations remain central to the organisation today. This Accord unifies:

- International technology law
- Space governance frameworks
- Indigenous ethics
- Quantum and aerospace science
- AI governance
- Interplanetary peace principles

It stands inside the Stadium of Light, forming the eighteenth boundary stone of the Peace Architecture.

This Accord is **not legally binding** but **binding in principle** — a universal covenant for peaceful innovation across all worlds.
